About Terezína

Hey there! I'm Terezína Černohorská, and even though I'm as Czech as they come, I like to call myself a princess.

I started making backpacks from old banners when COVID hit and all the theatres closed, leaving me, a puppeteer and scenographer, without a job. Since then, I've come a long way and learned loads. Now, I'm all about my banner kingdom full-time, and I'm having a blast!

Along with my fab custom pieces, I also do bulk merch production, and I'd love to show you what I've got!

REUSE & RECYCLE

I make backpacks, fanny packs, crossbody bags, and wallets mostly from old banners that would otherwise end up in a landfill or incinerator.

Since banners aren't really designed to be sewn into stuff, I reinforce the stressed areas with waterproof backpack fabric. The fabric itself is sourced from Kinetic, a local company that sells me leftover and waste fabric. So, even though the textile looks brand new, these backpacks are as zero-waste as it gets!

FANNY PACKS

Fanny packs are the true flagship of my kingdom. I don't go anywhere without mine!

My fanny pack has two pockets inside, covered with a Velcro flap, and one open pocket at the back. It's **15x21 cm** (6x8 inches), which is just right for a phone, keys, and a few other essentials. There's also a loop on the side for your sunglasses. The straps come with either metal carabiners or a plastic buckle.

When making merch, the fanny pack goes for **£23/€28**

WALLETS

The wallets come in two versions:

The LITE version has four slots, perfect for cards and an emergency banknote, but it can also hold a few coins. At **9x11 cm** (about 3.5x4.5 inches), it's great for slipping into a jacket pocket for a night at the theatre.

The FULL version includes a slot for banknotes and a coin pocket with a Velcro flap. It's **10x12.5 cm** (4x5 inches), and along with coins, cards, and cash, it can fit a small mirror, bird feathers and a loyalty card to the local ice cream shop.

For merch production, the LITE version costs **£7/€8** and the FULL version is **£15/€18**

BACKPACKS

...and it all kicked off with backpacks four years ago! Since then, I've perfected the design and material combo so that even the merch brings joy for a long time.

The models vary in the number of pockets and sizes, but the basic shape stays the same. I combine banners with waterproof backpack fabric from my local distributor for the high-stress areas and the lining.

The straps can be either simple or padded. The roll-top closure uses either Velcro or a plastic buckle. The basic size of the unrolled backpack is **30x10x65 cm** (about 12x4x25.5 inches).

For merch production, backpacks start at **£62/€74**

COLLARS & DOG LEADS

This on the other hand is the latest gem from my workshop! The collars have been tested by a pack from the Golden of Javornice kennel, and after some final tweaks, they're ready to hit the shelves.

The collars come in three sizes for small, medium, and large breeds. The sizes vary in strap width and the size of the metal clip, but each collar comes with an adjustable slider to fit your furry friend just right.

I also make matching leads in a classic length with clips on both ends, or a "handle", which is perfect for keeping your big breed buddy close to you.

For merch production, collars range from **£7 to £12** (€8 to €14)
Leads and handles start from **£9 to £12** (€11 to €14)

CHALK BAGS

As a keen climber, a chalk bag is essential for me, therefore it's definitely one of the items I include!

These beauties won't turn you into Alex Honnold, but they definitely won't go unnoticed on the wall. And besides – you'll never meet anyone with the same bag, I guarantee it!

The chalk bag is made from a combination of banner material and backpack fabric, with a plush interior and a drawstring closure. It features a loop for a brush and a loop for attaching to your harness. Diameter is **12 cm** (4.72 inches) and height is **18 cm** (7.09 inches).

When making merch, the chalk bag goes for **£23/€28**

TOTE BAGS

A tote bag is a great addition for shopping, trips to the gym, or simply going for a walk.

These spacious bags feature a handy interior pocket for your purse and a carabiner for your keys.

For merch production, the bag is **£15/€18**

IS THAT IT?

Not even close!

You can get all my products decked out with your logo printed on a ribbon and stitched right in.

On top of that, in Tereziņa's kingdom you'll find laptop sleeves, glasses cases, zippered cosmetic bags, and many more. And if you spot something missing from my lineup, just give me a shout—I'm sure we'll come up with something awesome together!
